ANSWERS TO CROSSWORD PUZZLE

HIGH PRICE TAG LOCALLY ON FEDERAL AID

Cont'd from page 1

In explanation of the seeming inequity, it is pointed out that no attempt is made, in distributing the grants, to allot them on a dollar for dollar basis. The awards are related to need.

The future of grants-in-aid is in doubt, according to a report by The Conference Board. It notes that the Administration has proposed that they be replaced by "special revenue sharing" and that many social programs be curtailed.

What it means, it says, is that "total aid to state and local governments in fiscal 1974 is to be lower fractionally below the level of the previous year."

brate on the 4th. This resolution was drafted by Thomas Jefferson, chairman of the committee, and Benjamin Franklin, John Adams, Roger Sherman and Robert Livingston.

A mass meeting in Philadelphia in Independence Square celebrated the declarations of July 8th, 1776— and heard them read by John Nixon. General George Washington, on the 9th, included the declaration in general orders to the army, stating:

"The several brigades are to be drawn up this evening on their respective parades at six o'clock, when the declaration of Congress, showing the grounds and reasons for this measure, is to be read in an audible voice. The general hopes this important event will serve as fresh incentive to every officer and soldier to act with fidelity and courage, as knowing now that the peace and safety of his country depends, under God, solely on the success of our arms . . ."

The declaration of the 4th is now recognized by scholars as one of the humanitarian documents of time.
